An omnis Intestinorum Exulceratio Sanabilis ?

Perpetuum Corporis humani dispendium dum cibo, potu, aëre [illegible] reparationis detrimentis [illegible] providentur, non potest partes reddens, desiderandis, ac denique expellendis (quas post Coctionem expellit, quo in tempore ut judicatores plerumque fidei solent) necessario fatig. Imbecillitate vel angustia, vel sua nonnunquam [illegible] malitia, si longiorem in Corpore moram [illegible] morborum [illegible] infinitorum [illegible] attingere, ut Medico quidem [illegible] tutum est.

Eius generis sunt Intestina duplici tantum [illegible] distincta, quorum tunicas non solis [illegible] fibris, sed etiam rectis quibusdam Constant. Hæc pollendi [illegible] distribuendi, non autem quidem attrahendi, retinendi, Concoquendi gratia Comparata sunt, [illegible] quod alimentum à Ventriculo Concoctum [illegible] haud dissimilem habent, [illegible] innumerabilibus [illegible] nec [illegible] [illegible] inducatur, non solum aliquo tempore retinendum, sed etiam Conficiendum, ac Elaboratius reddendum.

Et quemadmodum Intestinorum aliud ~~facilius~~ facilius, aliud difficilius sanari Contingit, quoddam vero nullum remedium [illegible] admitti (quamquam nullius partis [illegible]) sic Huoris [illegible] redundantis et in [illegible] à plerisque partibus [illegible] suppuratis tuberculis, Nec non etiam [illegible] facultatis [illegible] et alimentorum à quibus [illegible] est pravitate) Armonia [illegible] quod dysenteria est provocare solet. In Crassis quidem Intestinis si Biliosa et pinguia Cum internas membranas [illegible] (quibus [illegible] portio [illegible]) [illegible]: In tenuibus [illegible] sanguis [illegible] [illegible] quæ si [illegible] Intestinis [illegible] alvum [illegible] Incipiam, ad [illegible] ad [illegible] tutius devinantur.

Hoc In Illis Clystere melius in his [illegible] medicamento (quod humorem proprium sola substantiæ familiaritate et attrahit et purgat, nunquam autem Calore qui ab ea multum diversus est) Cordius sanatur. Cholagogo quidem si à flava vel æruginosa bile dysenteriam [illegible] sanabilem gignerit, [illegible] Phlegmagogo si à salsa vel putri pituita magno Cum periculo [illegible] nascatur non [illegible] [illegible] nulla [illegible] [illegible] anodynis quas morbus [illegible] quibus [illegible] minor post [illegible] quibus maior [illegible] facultas adest, neque [illegible] temperatus Calido nec raro [illegible].

At vero [illegible] partium [illegible] ab atrabile [illegible] [illegible] in Intestinis absque partibus quas In profundo latere ab [illegible] humoribus Crassioribus, mordacioribusque [illegible] non modo [illegible] (quod in [illegible]) [illegible] Curari nequit, sed etiam [illegible] nec [illegible] assumptis [illegible] siccantibusque medicamentis ([illegible] absoluta [illegible]) [illegible].

Non omnis ergo Intestinorum Exulceratio sanabilis.
